# IMPORTANT SAFETY PRECAUTIONS

## READ ALL INSTRUCTIONS BEFORE USING THIS VACUUM CLEANER

When using an electrical appliance, basic precautions should always be followed, including the following:

## WARNING

### TO REDUCE THE RISK OF FIRE, ELECTRIC SHOCK, OR INJURY:

1. This vacuum cleaner is for domestic use only. Do not use outdoors or on wet surfaces.
2. Do not handle plug or vacuum cleaner with wet hands.
3. Do not allow to be used as a toy. Close attention is necessary when used by or near children.
4. Do not use with damaged cable or plug. If the supply cable is damaged, it must be replaced by Dyson Ltd, our service agent or similarly qualified persons in order to avoid a hazard.
5. If the vacuum cleaner is not functioning properly, has been dropped, damaged, left outdoors, or immersed in liquid, do not use. Contact the Dyson Customer Care Helpline.
6. Do not use the vacuum cleaner if any parts appear to be faulty, missing or damaged.
7. Ensure all parts including the clear bin are securely attached before use or carrying the vacuum cleaner.
8. This vacuum cleaner is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the vacuum cleaner by a person responsible for their safety. Children should be supervised to ensure that they do not play with the vacuum cleaner.
9. Do not leave vacuum cleaner when plugged in. Unplug from outlet when not in use, and before performing user maintenance, connecting or disconnecting the hose or changing accessories.
10. Store the vacuum cleaner indoors. Do not use or store this vacuum cleaner below 0°C (32°F). Ensure that the vacuum cleaner is at room temperature before operating. Put the vacuum cleaner away after use with the cable stored safely, to prevent tripping hazards.
11. This machine is fitted with a thermal protection device. If any part of your machine becomes blocked it may cause the device to operate and automatically stop the machine. If this happens, the machine must be switched off, unplugged and allowed to cool down before attempting to check filters or for blockages. Ensure any blockage is cleared before re-starting the machine.
12. Turn off all controls before unplugging.
13. Do not unplug by pulling on cable. To unplug, grasp the plug, not the cable.
14. Do not pull or carry by cable, use cable as a handle, close a door on cable, or pull cable around sharp edges or corners. Do not run vacuum cleaner over cable. Keep cable away from heated surfaces.
15. The use of an extension cable is not recommended.
16. Keep hair, loose clothing, fingers, and all parts of body away from openings and moving parts, such as the brush bar.
17. Do not put any object into openings. Do not use with any opening blocked; keep free of dust, lint, hair, and anything that may reduce air flow. Switch off and unplug the vacuum cleaner before attempting to remove any blockage.
18. Take extra care when vacuuming on stairs; always work with the vacuum cleaner at the bottom of the stairs.
19. Keep the vacuum cleaner on the floor. Do not put the vacuum cleaner on chairs, tables etc.
20. Do not shake the vacuum cleaner or press the clear bin release button while carrying the vacuum cleaner.
21. Do not use to pick up flammable or combustible liquids, such as petrol, or use in areas where they may be present.
22. Do not pick up anything that is burning or smoking, such as cigarettes, matches, or hot ashes.
23. Check to ensure your electricity supply matches that shown on the rating plate. The vacuum cleaner must only be used as rated.
24. Use only as described in this Dyson Operating Manual. Use only Dyson recommended attachments.
25. Do not use without the clear bin and filter in place.
26. Do not lubricate any parts, or carry out any maintenance or repair work other than that shown in this Dyson Operating Manual, or as advised by the Dyson Customer Care Helpline.

## SAVE THESE INSTRUCTIONS

THIS VACUUM CLEANER IS INTENDED FOR HOUSEHOLD USE ONLY

Do not pull on the cable.

Do not store near heat sources.

Do not use near naked flame.

Do not run over the cable.

Do not pick up water or liquids.

Do not pick up burning objects.

Do not use above you on the stairs.

Do not put hands near the brush bar when the vacuum cleaner is in use.

## Storage

## Suction release

## Blockages

## Power & Cable

## Tools

## Emptying

Filter A

Filter B

Wash filters with cold water at least every month.

## USING YOUR DYSON VACUUM CLEANER

### PLEASE NOTE:

- Always extend the cable fully to the red tape before use.
- Fine dust such as plaster or flour should only be vacuumed in very small amounts.
- Consult your flooring manufacturer's recommended instructions before vacuuming and caring for your flooring, rugs and carpets. Some carpets will fuzz if a rotating brush bar is used when vacuuming. If this is the case, we recommend vacuuming in hard floors mode and consulting with your flooring manufacturer.
- If used in a garage, care should be taken to wipe the soleplate and wheels with a dry cloth after vacuuming to clean off any sand, dirt, or pebbles which could damage delicate floors.
- When vacuuming, certain carpets may generate small static charges in the clear bin. These are entirely harmless and not associated with the mains supply. To minimise any effect from this, do not put your hand or insert any object into the clear bin unless you have emptied it and rinsed it out with cold water.
- Do not use the vacuum cleaner to pick up sharp objects, small toys, pins, paper clips etc.
- Only use parts recommended by Dyson; failure to do so could invalidate your guarantee.

## EMPTYING THE CLEAR BIN

### CAUTION:

- Switch 'OFF' and unplug the vacuum cleaner before emptying the clear bin.

### PLEASE NOTE:

- Do not use the vacuum cleaner without the clear bin in place.
- To minimise dust/allergen contact when emptying, encase the clear bin tightly in a plastic bag and empty. Remove the clear bin carefully and seal bag tightly, dispose as normal. For a free fact sheet visit <http://www.dyson.co.uk/allergy>
- Empty as soon as the dirt reaches the level of the MAX mark – do not overfill. To remove the clear bin from the vacuum cleaner press the button at rear of carrying handle. To release the dirt, press the button on the front of the clear bin. The British Allergy Foundation is a UK national charity with the aim of improving awareness, prevention and treatment of allergies.

## CLEANING THE CLEAR BIN

### CAUTION:

- Do not immerse the cyclone in water or pour water into the cyclones.
- Ensure the clear bin is completely dry before replacing.

### PLEASE NOTE:

- Do not use detergents, polishes or air fresheners to clean the clear bin.
- Do not put clear bin in a dishwasher.
- Clean the shroud with a cloth or dry brush to remove lint and dirt.

## WASHING YOUR FILTERS

### CAUTION:

- Switch 'OFF' and unplug before removing the filters.
- Ensure filters are completely dry before refitting to machine.

### PLEASE NOTE:

- This machine has two filters, located as shown. It is important to check your filters regularly and wash at least every month according to instructions, to maintain performance. Filter B should be rinsed and tapped out until the water runs clean, then tapped out again to ensure all excess water is removed. This will normally require up to 10 rinse cycles.
- Please leave to dry completely for 24 hours.
- The filters may require more frequent washing if vacuuming fine dust.
- Do not use detergents to clean the filters.
- Do not put the filters in a dishwasher, washing machine, tumble dryer, oven, microwave or near an open flame.

## LOOKING FOR BLOCKAGES

### CAUTION:

- Switch 'OFF' and unplug the vacuum cleaner before checking for blockages.
- Beware of sharp objects when clearing blockages.
- Refit all parts of the vacuum cleaner securely before using.

### PLEASE NOTE:

- Clearing blockages is not covered by your vacuum cleaner's limited guarantee. If any part of your vacuum cleaner becomes blocked, it may overheat and then automatically shut off. Unplug the vacuum cleaner and leave to cool down. Clear blockage before restarting.
- Large items may block the tools or wand inlet, if this happens switch the vacuum cleaner off and unplug the vacuum cleaner before removing the blockage. Do not operate the wand release catch. You can call the Dyson Customer Care Helpline or refer to [www.dyson.co.uk/support](http://www.dyson.co.uk/support) with advice on how to clear blockages.

## DISPOSAL INFORMATION

This product should not be treated as household waste. Instead it should be handed over to the applicable collection point for the recycling of electrical and electronic equipment – this may be your local civic amenity site or a facility provided by the retailer selling the product or a replacement product. By ensuring this product is disposed of correctly, you will help prevent potential negative consequences for the environment and for human health, which could otherwise be caused by inappropriate waste handling of this product. For more detailed information about recycling of this product, please contact the Dyson Customer Care Helpline, your local authority civic amenity site or the retailer selling the product or a replacement product.

## GUARANTEE – TERMS AND CONDITIONS

### DYSON CUSTOMER CARE

If you have a question about your Dyson vacuum cleaner, call the Dyson Customer Care Helpline with your serial number and details of where and when you bought the vacuum cleaner, or contact us via the website. The serial number can be found on the main body of the vacuum cleaner behind the clear bin. Most questions can be solved over the phone by one of our Dyson Customer Care Helpline staff or refer to [www.dyson.co.uk/support](http://www.dyson.co.uk/support) for a step by step diagnostic guide.

If your vacuum cleaner needs service, call the Dyson Customer Care Helpline so we can discuss the available options. If your vacuum cleaner is under guarantee, and the repair is covered, it will be repaired at no cost.

### PLEASE REGISTER AS A DYSON VACUUM OWNER

THANK YOU FOR CHOOSING TO BUY A DYSON VACUUM CLEANER  
To help us ensure you received prompt and efficient service, please register online as a Dyson vacuum owner at [www.dyson.com/register](http://www.dyson.com/register)

### LIMITED 5 YEAR GUARANTEE

TERMS AND CONDITIONS OF THE DYSON 5 YEAR LIMITED GUARANTEE.

#### WHAT IS COVERED

- The repair or replacement of your vacuum cleaner (at Dyson's discretion) if your vacuum cleaner is found to be defective due to faulty materials, workmanship or function within 5 years of purchase or delivery (if any part is no longer available or out of manufacture Dyson will replace it with a functional replacement part).
- Use of the vacuum cleaner in the UK and Republic of Ireland.

#### WHAT IS NOT COVERED

Dyson does not guarantee the repair or replacement of a product as a result of:

- Normal wear and tear (e.g. fuse, belt, brush bar, batteries etc).
- Accidental damage, faults caused by negligent use or care, misuse, neglect, careless operation or handling of the vacuum cleaner which is not in accordance with the Dyson Operating Manual.
- Blockages – please refer to the Dyson Operating Manual for details of how to unblock your vacuum cleaner.
- Use of the vacuum cleaner for anything other than normal domestic household purposes.
- Use of parts not assembled or installed in accordance with the instructions of Dyson.
- Use of parts and accessories which are not Dyson Genuine Components.
- Faulty installation (except where installed by Dyson).
- Repairs or alterations carried out by parties other than Dyson or its authorised agents.
- If you are in any doubt as to what is covered by your guarantee, please call the Dyson Customer Care Helpline on UK: 0800 298 0298 or IRL: 01 475 7109.

#### SUMMARY OF COVER

- The guarantee becomes effective at the date of purchase (or the date of delivery if this is later).
- You must provide proof of delivery/purchase before any work can be carried out on your vacuum cleaner. Without this proof, any work carried out will be chargeable. Please keep your receipt or delivery note.
- All work will be carried out by Dyson or its authorised agents.
- Any parts which are replaced will become the property of Dyson.
- The repair or replacement of your vacuum cleaner under guarantee will not extend the period of guarantee.
- The guarantee provides benefits which are additional to and do not affect your statutory rights as a consumer.

#### ABOUT YOUR PRIVACY

Your information will be held by Dyson Ltd. and its agents for promotional, marketing and servicing purposes.

If your personal details change, if you change your mind about any of your marketing preferences or if you have any queries about how we use your information, please let us know by contacting Dyson Ltd., Tetbury Hill, Malmesbury, Wiltshire, SN16 0RP England, or by calling the Dyson Customer Care Helpline on UK 0800 298 0298 or IRL 01 475 7109.

Or you can email us at [askdyson@dyson.co.uk](mailto:askdyson@dyson.co.uk)

For more information on how we protect your privacy, please see our privacy policy on [www.dyson.co.uk/privacy](http://www.dyson.co.uk/privacy)

The British Allergy Foundation Seal of Approval is a UK registered trademark of the British Allergy Foundation.
