When using an electrical appliance, basic precautions should always be followed, including the following:

WARNING

TO REDUCE THE RISK OF FIRE, ELECTRIC SHOCK, OR INJURY:

1. Do not leave the Dyson vacuum cleaner when plugged in. Unplug from socket when not in use and before servicing.
2. Do not use outdoors or on wet surfaces. Suitable for dry locations only. Do not use to pick up water.

4. This Dyson vacuum cleaner is not intended for use by young children or infirm persons with reduced physical, sensory or reasoning capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction by a responsible person concerning use of the Dyson vacuum cleaner to ensure that they can use the Dyson vacuum cleaner safely.
5. Use only as described in this Dyson Operating Manual. Use only Dyson recommended accessories and replacement parts. Do not carry out any maintenance other than that shown in this Dyson Operating Manual, or advised by the Dyson Customer Care Helpline. Contact the Dyson Customer Care Helpline when service or repair is required. Do not disassemble the Dyson vacuum cleaner as incorrect reassembly may result in an electric shock or fire.
6. Do not use with a damaged cable or plug. If the Dyson vacuum cleaner is not working as it should, has been dropped, damaged, left outdoors, or dropped into water, do not use and contact the Dyson Customer Care Helpline. If the supply cable is damaged it must be replaced by Dyson, its service agent or similarly qualified person in order to avoid a hazard.
7. Do not pull or carry by the cable, use the cable as a handle, close a door on the cable, or pull the cable around sharp edges or corners. Do not run the Dyson vacuum cleaner over the cable. Keep the cable away from heated surfaces. To avoid a tripping hazard rewind the cable when not in use.
8. Always extend the cable to the red line but do not stretch or tug the cable.

USING YOUR DYSON VACUUM CLEANER

PLEASE NOTE:

- Always extend the cable fully to the red tape before use.
- Fine dust such as plaster or flour should only be vacuumed in very small amounts.
- Do not use the vacuum cleaner to pick up sharp hard objects, such as small toys, pins, paper clips etc.
- If used in a garage, care should be taken to wipe the soleplate and wheels with a dry cloth after vacuuming to clean off any sand, dirt, or pebbles which could damage delicate floors.
- When vacuuming, certain carpets may generate small static charges in the clear bin. These are entirely harmless and not associated with the main supply. To minimise any effect from this, do not put your hand or insert any object into the clear bin unless you have emptied it and rinsed it out with cold water.
- Only use parts recommended by Dyson; failure to do so could invalidate your guarantee.
- Do not use any lubricants, cleaning agents, polishes or air fresheners on any part of the vacuum cleaner.
- This vacuum cleaner is fitted with a thermal cut-out. If any part of the vacuum cleaner becomes blocked the machine may overheat and automatically shut 'OFF'. If this happens, switch 'OFF' and unplug the vacuum cleaner and allow to cool before attempting to check the filter or for blockages. Clear any blockages before restarting.
- Store the vacuum cleaner indoors. Do not use or store this vacuum cleaner below 0°C. Ensure that the vacuum cleaner is at room temperature before operating.

EMPTYING THE CLEAR BIN

CAUTION:

- Switch 'OFF' the vacuum cleaner and unplug before emptying the clear bin.
- Empty as soon as the dirt reaches the level of the MAX mark – do not overfill.
- To remove the clear bin from the vacuum cleaner, press the silver button at the rear of cyclone carrying handle. To release the dirt, press the silver button on the front of the clear bin and separate the cyclone unit from the clear bin.
- To minimise dust/allergen contact when emptying, encase the clear bin tightly in a plastic bag and empty. Remove the clear bin carefully and seal bag tightly, dispose as normal. Emptying into a bag is recommended for people with asthma and allergies.
- Do not use the vacuum cleaner without the clear bin in place.

CLEANING THE CLEAR BIN

CAUTION:

- To remove the cyclone unit from the clear bin press the silver button on the front of the clear bin and separate the cyclone unit from the clear bin.
- Clean the clear bin with cold water only.
- Ensure the clear bin is completely dry before replacing.

PLEASE NOTE:

- Do not use detergents, polishes or air fresheners to clean the clear bin.
- Do not put the clear bin in a dishwasher.
- Clean the shroud with a cloth or dry brush to remove lint and dust.

WASHING YOUR FILTER

DO THIS EVERY 6 MONTHS

CAUTION:

- Switch 'OFF' and unplug the vacuum cleaner before removing the filter.
- Ensure the filter is completely dry before refitting to the vacuum cleaner.

PLEASE NOTE:

This machine has one filter, located as shown. It is important to check your filter regularly and wash at least every 6 months according to instructions, to maintain performance.

- After washing please leave for 24 hours to dry completely.
- The filter may require more frequent washing if vacuuming fine dust.
- Do not use detergents to clean the filter.
- Do not put the filter in a dishwasher, washing machine, tumble dryer, oven, microwave or near a naked flame.
- Register for a filter wash reminder by email (Australia only); customercare@dyson.com.au

LOOKING FOR BLOCKAGES

CAUTION:

- Switch 'OFF' and unplug the vacuum cleaner before checking for blockages.
- Beware of sharp objects when clearing blockages.
- Refit all parts of the vacuum cleaner securely before using.

PLEASE NOTE:

- Clearing blockages is not covered by your vacuum cleaner's limited guarantee. If any part of your vacuum cleaner becomes blocked, it may overheat and then automatically shut 'OFF'. Unplug the vacuum cleaner and leave to cool down. Clear blockage before restarting.
- Large items may block the tools or wand inlet, if this happens switch the vacuum cleaner 'OFF' and unplug the vacuum cleaner before removing the blockage. Do not operate the wand release catch.
